U. S. State Approve 8-Mile Crossing, Parallel Bridge Backers Beaten

There was far-reaching impact on Washington Township Friday as, with final clearance from Washington, the State of California moved for an early start on the eight-mile tube-and-bridge southern crossing of San Francisco Bay.

Minutes after the Department of Public Works learned Army Secretary Stevens signed a building permit, Gov. Knight's office announced that "work on engineering studies, plans and specifications for the project will start immediately with state forces."

The six-lane tube and bridge, to cost in excess of $200,000,000, was authorized to ease congestion on the San Francisco-Oakland Bay Bridge three miles to the north.

Under terms of the Federal permit, construction must begin within five years.

The crossing will run from Third and Army Sts., San Francisco, across an over-water trestle then tunnel under the shipping channel, and reach Bay Farm Island, near Alameda, on a second trestle—7½ miles over water.

It is expected to bring thousands of new homes and dozens of new factories and businesses to Southern Alameda County.

The crossing would bend around a restricted area for Navy seaplane lanes. The Army Engineers had rejected an earlier state application for a straight-line crossing, opposed by the Navy.

The southern structure was authorized in the Legislature after a long dispute over a rival plan to construct, instead, a twin to the San Francisco-Oakland Bay Bridge.

Granting of the permit had been bitterly opposed by certain East Bay groups centered in Oakland, Berkeley and Richmond. They are opposed to any southern crossing and favor a parallel bridge.

They had contended among other things that the State should also have asked for Federal permits for approaches over China Basin on the San Francisco side and San Leandro Bay on the East

The Army engineers took the position that the question of these permits was not before them. They added, however, that the granting of the permit for the main crossing did not commit them to approval of any subsidiary crossings

Frank B. Durkee, director of public works, dircted Norman C. Raab, chief of the Division of Bay Toll Crossings, to "commence and undertake the engineering studies, preparation of plans and specifications" for the project, using $1,500,000 voted by the Legislature.

SANITARY BOND VOTE SATURDAY

Voters in the Alviso District are asked to approve $200,000 in bonds on Saturday which will permit the start of work annexing them to the Union Sanitary District.

Polling place is the Alviso School, open from 7 a.m. to 7 p.m.

Radio Relay Unit For Mission Peak

A $17,000 radio-relay station for the Alameda County sheriff's office is in prospect for Mission Peak.

Sheriff Jack Gleason has requested the station in his budget, to be acted upon in July, in order to strengthen broadcasts to the south end of the county. Surveys for the station have been under way for several weeks, with patrol cars acting as sending units.

Completely automatic, the station would be located in a concrete building near the peak summit, and would beam microwaves to cars in the rural areas. Present relay station for the Hayward broadcast station is located on Mt. Diablo, and is almost ineffective in deep canyons of the South County.

Irvington Chamber

Irvington's chamber of commerce decided Tuesday to:

1. Paint the town flagpole, and
2. Hand all zoning policy to its planning committee, headed by Bill Humpert.

Centerville Zone Decision Set May 10 In Oakland

Protective zoning for Centerville will be decided May 10 by the Alameda County Planning Commission.

This was the upshot of a three-hour hearing Monday night in Oakland. The session before the commission was attended by nearly 100 local landowners.

At least two commissioners hinted broadly they consider requests for commercial zoning "too ambitious."

Planner Sanford Farness said they total 327 acres, or enough to support a city of 400,000 population.

Commercial use has been asked along Main Street from Santos Road to Alder Avenue—a distance of almost two miles; and out Fremont to Sequoia Road.

Confusion among the requests became evident when Commissioner Fred Mellmann demanded why business zoning "400 feet deep" had been asked along Main Street. Eugene Manning rose to reply that as far as he was aware, only 200 feet in depth had been asked by the local chamber of commerce.

But LeRoy Broun, attorney for many of the landowners, said "the Chamber was unanimous for a deep zone" along Main, except on the south side beyond Thornton, where 200 feet was specified.

However, Lee S. Williams, former chairman of the chamber's planning committee didn't agree, and pointed out that a 400-foot depth would zone commercial all the new homes on Norris Road.

Broun again declared Centerville is the "natural business center" for the whole Township. But Commissioner George Dugan said Irvington also is asking for big shopping centers, and hinted such modern giants might make a downtown business district obsolete.

"I think it is the duty of this commission to protect established business," asserted Broun.

"Do you want to be like East 14th Street?" demanded Dugan. "It's better to develop a compact district, then expand as you need to."

"You're cutting the town in half," retorted Broun.

Dugan later stated as commission policy, "the protection of property which has been purchased for commercial use before enactment" of zoning ordinances.

Another dispute arose over zoning a quarter-mile strip southwest of town for factories. Judge Allen G. Norris suggested that this is proper along the railroad tracks, but not along Central Avenue, and asked that a residential "buffer" strip be established there.

After the commission decision May 10, final zoning must be imposed by the Supervisors.

NEW INDUSTRY STARTS IN DECOTO--CAULIFLOWER CHOPPING

A new industry joined the enterprise this week as the Don ranks of Washington Township Alvarado Company started packing chopped cauliflour in Decoto.

The company, headed by Al Solari of San Francisco, operates in the former Bailey Packing shed, at Twelfth and H streets.. Eighteen persons are employed, and Solari confidently predicts his operations will expand.

According to Solari, the company's machines chop cauliflour, wash it and pack it in 12-ounce bags. These sell for about 25 cents on the fresh-food—not frozen food—market.

Solari said he expects to run the company all year round, packing other vegetables, which may be grown during produce season either locally or out of the township.

Solari added he has been in the produce business for many years, having been manager in San Francisco for the Half-moon Bay Growers'

FIREMEN TEST PLEDGED, PARRY HAPPY

The commissioners of the Niles Fire District declared Tuesday night they favor competitive tests before hiring a fire chief and assistant.

John Brahmst and Tony Alves, with Commissioner Leon Solon absent, said in reply to a query by Jack Parry that they subscribe to competitive-type tests, "providing our legal counsel says it's permissible."

Brahmst and Alves stressed that Judge E. A. Quaresma has been retained to find this answer for the district. They added Judge Quaresma still is seeking the information from the district attorney.

"We just don't want to hire somebody's friend," declared Brahmst. "We want someone who's proven himself competent. We want a leader."

Parry had first sought to block hiring firemen until a Fire Underwriters survey is finished. Then he demanded competitive tests for the firemen. He declared himself "completely satisfied" with Tuesday's statements.

CORRIEA UPPED TO NEW JOB BY SAFEWAY STORES

Gene Corriea, assistant manager at Safeway in Centerville, has been promoted to manager of a Safeway Store at Sixty-fifth and Foothill blvd., Oakland.

Gene, who grew up in Washington Township, has been with Safeway for seven years, and came to the Centerville store when it opened in 1950.

Well known because of his home-grown dahlias, Gene says his wife, Florine, and the three boys will all continue to live on Elm street for the time being while he commutes to Oakland.

New assistant manager at the store will be Sam Burns.

SEVEN IN FIELD FOR POSTMASTER

Seven men are in the running this week for the Irvington Postmastership.

The septet took a federal examination last Saturday. Successful aspirant will be picked from the top three.

Candidates for the $4770-a-year job include Ernest Vayssie, who has held it under a temporary appointment since last spring. Others are: Albert Unruh, Kit Catlin, Herb Stroub, Lee Steinmetz, Lester Gomes, Harvey Kohler.

This was the second time the test had been scheduled.

HONORED—Mrs. Evelyn Peixotto, cafeteria manager, Centerville School receives her life membership award in the California Congress of Parents-Teacher Ass'n. from Mrs. Mildred Brown, (right) past president and chairman, life membership, Centerville Elementary School P.T.A.

Abreu and his aids plan to deck the gym in exotic tropical plants, with hula girls serving refreshments and Hawaiian music for a background. The dance runs from 9 till midnight.

School Board Contests Loom In Newark, Decoto, Irv'

Additional filings for school trustee jobs in Washington Township this week assured contests in at least three districts—Newark, Irvington and Decoto.

At the same time, Dr. E. M. Grimmer Jr., widely known local dentist and member of a prominent township family, announced his candidacy and took out papers for trustee of Washington Union High School District.

Dr. Grimmer was the only one in the field early this week. Deadline for filing in all school districts here is April 21, 30 days before the election.

In Newark, Sam G. Scott was unopposed for re-election to the board. But there were five contestants for two additional seats: Mrs. Lillian Kettman, Buford Barks, Raymond L. Bernardo, Louis Caldeira and Willard H. Walker.

Newark is one of the local districts which recently voted to increase its trustees from three to a total of five.

In Irvington, Alfred Peixoto also was unopposed for re-election to one of the original three seats. But four men were contesting for the two additional jobs. They are Allan Hirsch, William Humpert Jr., Theodore J. Garcia and Frank J. Mayer.

In Decoto, the incumbent, William S. Davis, had opposition from James E. Swartz. Vieing for the two additional posts—which are also the subject of an "approval" vote May 21—are Carlos Villescaz, Irving A. Williams and C. J. Denny Zablosky.

In Niles, John Cattaneo is running for his old seat on the board, while the two additional posts are sought by Lewis J. Manuel and Donald S. Bragg.

Centerville trustee aspirants (three jobs to be filled) are Arthur Belshaw and James R. Meyer, president of Glenmoor Homes. Allan Walton has not yet refiled for the seat he now holds.

In Alvarado, only one job is open, and the incumbent, Wilbert Hendricks, has filed for it.

In Alviso District, nobody has declared for the seat now held by Ralph Logan. In Warm Springs, neither incumbent, Orville Leitch or anyone else has filed. And in Mission San Jose, the lone candidate for the single job is Edward Azevada, incumbent.

SCOUTS, CUBS FOR MISSION SAN JOSE

Mission San Jose's first Scout troop and first Cub pack will be organized April 21 at a meeting in the local grammar school.

The announcement came today from Brad Agrella, neighborhood commissioner for the town.

The meeting takes place at 7:30 p. m. Andy Anderson, Scout commissioner, and other Scout officials will be on hand, and the public is invited to attend.

Congressman Miller

Congressman George P. Miller was a visitor at the office of the Washington News this week.

He was accompanied by P. J. de Bernardi, vice chairman of the Alameda County Planning Commission; Joseph Proietti, retired nurseryman of San Leandro, and Col. N. W. Armstrong, a friend of 35 years standing.

Miller and party were en route to Livermore to attend a birthday party for Jack Gardella, a member of the Planning Commission.

They conferred with Stuart Nixon and other members of the newspaper staff.

20-30 Plans Paper Drive Here May 1-2

A township paper drive will be held soon, members of the local 20-30 Club announced this week.

The 20-30 Club has arranged to have two semi-truck and trailers left at the L and V Sales, on Highway 17, south of Centerville May 1 and May 2 (Saturday and Sunday).

They will load paper collected by all Boy Scout troops in the township. The Scouts will make use of the Easter vacation and succeeding week-ends to pick up the paper left in front of homes.

"Many people have felt a paper drive was long overdue, so it is hoped many tons will be collected. All proceeds will go to the Scouts to help finance their respective troop activities," according to Lester Whitaker Jr., publicity chairman.

NATIVE DAUGHTERS LUNCHEON APRIL 21

Young ladies activities of Betsy Ross Parlor, Native Daughters of Centerville, are sponsoring a Castlewood Country Club day at Pleasanton, Wednesday, April 21. A luncheon will be held at 12:30 p. m. and a bridge and whist tournament will be held after.

Reservations may be had by calling the chairman, Matilda Enos, and are restricted to members only.

Guests will be Edna Williams of Berkeley, state chairman; Doris Perez, department grand president, and Minnie Souza, both of Hayward.

CHURCH PICNIC HELD

The First Baptist Church of Centerville held a potluck picnic Sunday, April 11, at the home of Mr. and Mrs. William Keul of Orchard Park. They honored Rev. Earl Watson and wife, Winkie, and children, missionaries, who leave soon for French West Africa where they will spend three years. They will go to France to learn the language.

Attending were Rev. Joe Sherman and wife and five families of the congregation.

Made with Pacific Northwest oysters, Hiltons oyster stew, on sale at the **Centerville and Irvington Food Markets,** is really a taste treat.

Help father to look his best for the Easter parade by getting him a new shirt stud and tie clasp set from the many types sold at **Michael's Credit Jewelers,** in the Newark shopping center, and on Main street in Centerville.

Among the many smart accessories at **Fay's Apparel** in Newark, my favorite is the polka-dot leather belt with matching Peter Pan collar. It comes in five colors.

These warm days you'll want to dress your under-6-year-old daughter in a sun suit from **Togs for Tots,** Newark.

Stop in at **Marie's Salon of Beauty,** at 465 Thornton ave., Centerville, for a hair cut exactly as you want it, short or long.

With prices starting at 75 cents, the Early Provincial hand-painted china at **Centerville Electric and Pump** can perk up almost any table setting.

You can rent a sewing machine and save dollars on your spring wardrobe, if you'll just see **"Stitch" Edwards,** on Fremont ave., Centerville. Also you'll find **Edgar Van Scoy** near by, ready to handle watch repairs.

Take it easy on Easter and take the whole family to **Ann Williams',** south of Mission San Jose, where you will find Virginia baked ham like grandma wished she could make.

The newest way to identify your house or mail box is with the wooden Identi-plates, that come in all letters and numbers, ready for you to assemble, and on sale at **McIvor's Hardware,** Mission San Jose.

Looking for an Easter hat? Those at **Rohrbacker's Department Store,** Irvington, are "one of a kind," priced from $3.48.

A parakeet for $2.98 from **Niles Pet Shop** will brighten your whole house, especially if you teach it to "talk."

Newest addition to the Revlon Make-up supplies is the Dreamy Eye Make-up, which can be found at **Whitaker Pharmacy, Niles.**

Often called the aristocrat of the garden, the Rhododendron are starting to bloom at **Edenvale Nursery,** on Highway 9 south of Niles, and you can get one in almost any color for your garden.

Niles PTA to Support Polio Vaccine Trials

Members of the Niles Elementary P.T.A. voted at their April 6 meeting to support the program for polio vaccine trials in Washington Township.

Local Girl Scouts will benefit from the campership the P.T.A. will donate. Necessary funds to cover two weeks at camp will be given, and the amount may be divided among several girls.

The proposed curfew for Washington Township has been discussed at several meetings and further investigation for some regulatory measure has been endorsed by the group.

The P.T.A. will be hostess at the tea to be served from 2 to 4 p.m. Wednesday, April 28, during Public School Week.

Musical portion of the program was furnished by the Glee Club under direction of Mrs. Winifred Enos.

Mrs. Harold Korell presented a review of the book "My Uncle Louis" by Robert Fontaine.

Kindergarten mothers were hostesses for refreshments which were served following the business meeting.

Installation of officers will be held at the May 11 meeting.

Ambulance Issue

Niles businessmen Tuesday added their voice to that of their Centerville neighbors in demanding Township-based ambulance service.

Elmer Marks observed that renegotiation of the local ambulance contract is being conducted by the Supervisors. He asked and got a resolution favoring local service.

Dr. T. C. Wilson also successfully backed a follow-up letter to authorities asking what has become of a chamber request to have speed-limit signs placed along Highway 9 near Niles.

Reno Wedding For Rose Furtado, Joe Gonzales

Miss Betty Gonsalves, daughter of Mr. and Mrs. Jimmy Gonsalves of Decoto, will become the bride of Eldin Andrade on Easter Sunday at 2 p. m. in Holy Ghost Church.

The groom, son of Mr. and Mrs. William Andrade of Centerville, is a graduate of Washington Union High School and served two years with the Army. He is associated in business with his father.

Betty attended local schools and will be given in marriage by her father. Attending her sister as maid of honor will be Rose Marie Gonsalves. Bridesmaids are Betty Gibson of San Leandro, Rita Sanchez, Decoto, and Jerry Rebello, Oakland.

Wilbert Andrade, brother of the groom, will be best man. Ushers are H. R. Shamblin, Pleasanton; Grady Sanchez, Decoto; Kenneth Roderick, Hayward.

Linda Gonsalves will be junior bridesmaid.

A reception will follow at the Veterans Memorial Building, Niles.

EAGLES AUXILIARY TO GO TO PARKS

The ladies of the Eagles Auxiliary of Alvarado will go to Camp Parks Hospital April 27 to entertain the boys and take them homemade cookies.

All of the new officers were duly elected at this week's meeting. Installation ceremonies will take place in June.

The refreshment committee for April 26 meeting will be Dorothy Ratekin, Florence Wallace, Ina Newfield and Leontine Costa. Games will be played after the meeting.

BLOSSOMS—Miss Klassina Keessen, native of Holland, an authority on horticulture and bulbs, poses wtih Helen Borchers flowering peach in gardens of California Nursery, Niles, during Annual Spring Bulb Show, now in progress. "Tulip blooms are at their height right now and will be beautiful for the next two weeks," says George Roeding Jr., nursery president. The gardens are open seven days a week and the public is invited. Picnic tables are available on the grounds of the Old Adobe on the nursery at no charge, and free coffee and tea is served on Saturdays and Sundays.

Pallet Chieftain On Trip East

Richard M. Duff, president of Bulldog Pallet Company, Newark, left Sunday for New York to discuss franchise arrangements with Acme Pallet Company of that city for use of the Bulldog Tube-lok, new fastening device that replaces bolts in pallets.

While in the East, Duff will go to Washington to confer with the Navy and General Services Administration on the use of the Bulldog Tube-lok for government-purchased pallets.

Ucele Brake Weds Claude Williams

In a simple home candlelight ceremony performed by Rev. William East on April 5, Claude L. Williams exchanged wedding vows with Ucele Brake of Newark.

Miss Cretia Fleming of Niles was maid of honor and the bride's uncle, Billy Brake, performed best man duties.

The bride, daughter of Mr. and Mrs. Denver Brake, donned a blue-gray suit with red accessories for the double-ring ceremony.

The groom is the son of Mrs. Betha Williams of Paron, Ark. He is a Navy seaman currently serving aboard the U. S. S. St. Paul in Long Beach. Claude is expecting his third overseas tour of duty at the conclusion of his furlough.

The young couple are enjoying a southern California honeymoon and the bride will return to her parent's home and continuation of her studies at Washington High School.

Centerville Agent Home From Confab

Charlie Holliday, Centerville insurance agent, has returned from St. Petersburg, Fla., where he attended the 1954 Leaders Club convention, April 5, 6, 7, sponsored by the State Farm Insurance Companies.

This trip is an award bestowed by the three State Farm Companies to honor those agents who have been unusually successful during the year.

The St. Petersburg convention was attended by approximately 2500 persons, representing the State Farm Companies' field representatives, their wives and top officials from the companies' home office, Bloomington, Ill.

CAMPAIGNERS — E. C. Parks, chairman of Rotary Club clothing drive for needy Koreans, presents Mrs. John Brahmst, Niles, with poster advertising the project. Merchants and schools are cooperating to gather record-smashing array of clothes for drive which runs from May 1 to 8. Rotarians will bring old clothes to meeting next Thursday on penalty of fine.—(WTN Photo).

A modern air-conditioned three-story building will be constructed inside the Ferry Building at San Francisco as the first unit of California's World Trade Center.

DAVIE (who says he knows all about pruning trees because he likes prunes) appears to be about to collect on his accident insurance policy.
Poor Davie! But he's lucky at that. Some people are still without the protection of accident and health insurance and would be totally out of luck in Davie's place.
Talk with us to-day about accident and health insurance.

THANKS, AND A PROMISE

Changing over newspaper operations is worse than making one bed with different-size sheets. It's a tough job, and nobody is ever satisfied.

Last week, we printed the Register, News and allied papers out of two separate shops, one in Centerville and one in Niles. This entailed lugging half a ton of metal back and forth in the company car, which was hard on the back and harder on the appearance of the papers. We underestimated the advertising content of the Register at the beginning of the week, with the result that the poor thing looked like a midget in a high-necked sweater.

Anyway, there were only a few complaints, and a lot of folks said they were glad to hear the Township papers had joined forces, and that they expected they'd improve a lot. (With the hint that they hadn't yet.)

We know our friends' highest hopes will be justified. Already we've pooled most of our equipment in the Niles plant, eliminating most of the fetching-and-carrying. We plan to make as many improvements as we can on the papers while the new building is being built on Fremont Avenue.

Meantime there'll be a few loose ends, just as there always are when you try to harness two strange horses for the first time.

But stick with us, dear readers. We promise you won't be sorry.

PREDICTIONS PROHIBITED!

An editor in Las Vegas has been indicted by federal authorities for a column in which he predicted the assassination of Senator McCarthy. The newspaperman is charged with "inciting to murder."

This makes as much sense as charging a man with arson because he predicts his neighbor's old barn will burn down some day. What's more, it is a dangerous use of police power to restrict freedom of expression.

The editor (perhaps wishfully) predicted some little man, ruined by McCarthy's brand of character assassination, would take a pistol to the senator just as another victim did to the late Huey Long. While the Nevadan's sentiments may not have been in the best taste, he was expressing a legitimate opinion. If Senator McCarthy didn't like it, he had recourse to civil action against his enemy through a libel suit.

If the federal officials who indicted the editor did so at McCarthy's request, they are guilty of toadying. If they didn't, we still think they're overzealous in a field where eager-beaver censorship should be restrained—the field of public information. If the policy were to be carred to its ultimate conclusion, government censors could indict a man for predicting the Democrats would win the fall elections.

Personally, we think the assassination of McCarthy would make a martyr of the man and serve no useful purpose. Instead, we think he is doomed to oblivion, and doomed fast, because the American public is wise to him.

But if we thought otherwise, we'd want the right to say so.

CARD OF THANKS

The family of the late Fred Muller wishes to express their thanks to our many friends for their kind expressions of sympathy extended to us in our rceent bereavement.

SUZY SEZ...

Tonight at midnight is the deadline for filing your state income tax, if you fall in the taxable group.

* * *

Those hair styles that look mannish to me are certainly going to present a problem when their owner's start to grow longer locks.

* * *

Maybe the Centerville bride who has changed her hair color from blond to red is just trying to find a color to go with her Easter dress. It's causing confusion among her husband's friends, however.

* * *

If you'll hang clothes on your parallel lines across them, from line to line, you'll get twice as many things hung in the same space.

* * *

The only way most women can display their schoolgirl figure is by showing pictures from the high school yearbook.

* * *

When those peas planted near Thornton in Newark get ready for picking, I'm going to join you in wishing we had planted ours early.

* * *

Last week I saw a Glenmoor mother out on all fours in the grass, with her nose close to the green stuff. Turned out her 3-year-old had tossed the car key away, and she was trying to find it.

* * *

Don't forget to arrive at church early enough Sunday so that you can see all the new outfits before going in. Then you pay attention to the services.

* * *

Saturday is the day to take your 5 to 9 year olds to the egg hunt at the Township Sportsmen Club grounds, south of Mission San Jose, starting at 1 p. m.

* * *

Haven't tried it yet, but I've been told it's easy to press a good crease in trousers or slacks by using dry newspapers instead of a damp cloth.

* * *

A couple of township store clerks should be reminded that some of their customers are able to understand Spanish, and that their unlady-like remarks should be kept for afterhours.

* * *

I agree with a Niles grandmother who says those blood-and-thunder shows on TV will never replace the quiet bedtime story. It's no wonder we live in an age of nervous children when they have so little calm in the home.

* * *

Do you agree with me that the crop of tiny township churches that appeared during the past year should get much more done if they would unite and forget town boundaries?

* * *

To clean under a chest of drawers without moving it, remove the lower drawer, and dust or sweep through the resultant hole.

* * *

It will be a miracle if we ever get local shopping centers in the township, with every property owner fighting to get his lots zoned commercial. The longer they argue, the more people will keep buying outside the township, simply because there are no stores and parking areas here.

* * *

If there is too much noise in your car, give up the struggle and let HER drive!

* * *

So long . . .

The Alaska-Canada boundary was decided by the Alaska Boundary Commission, set up by agreement with Great Britain, Oct. 20, 1903.

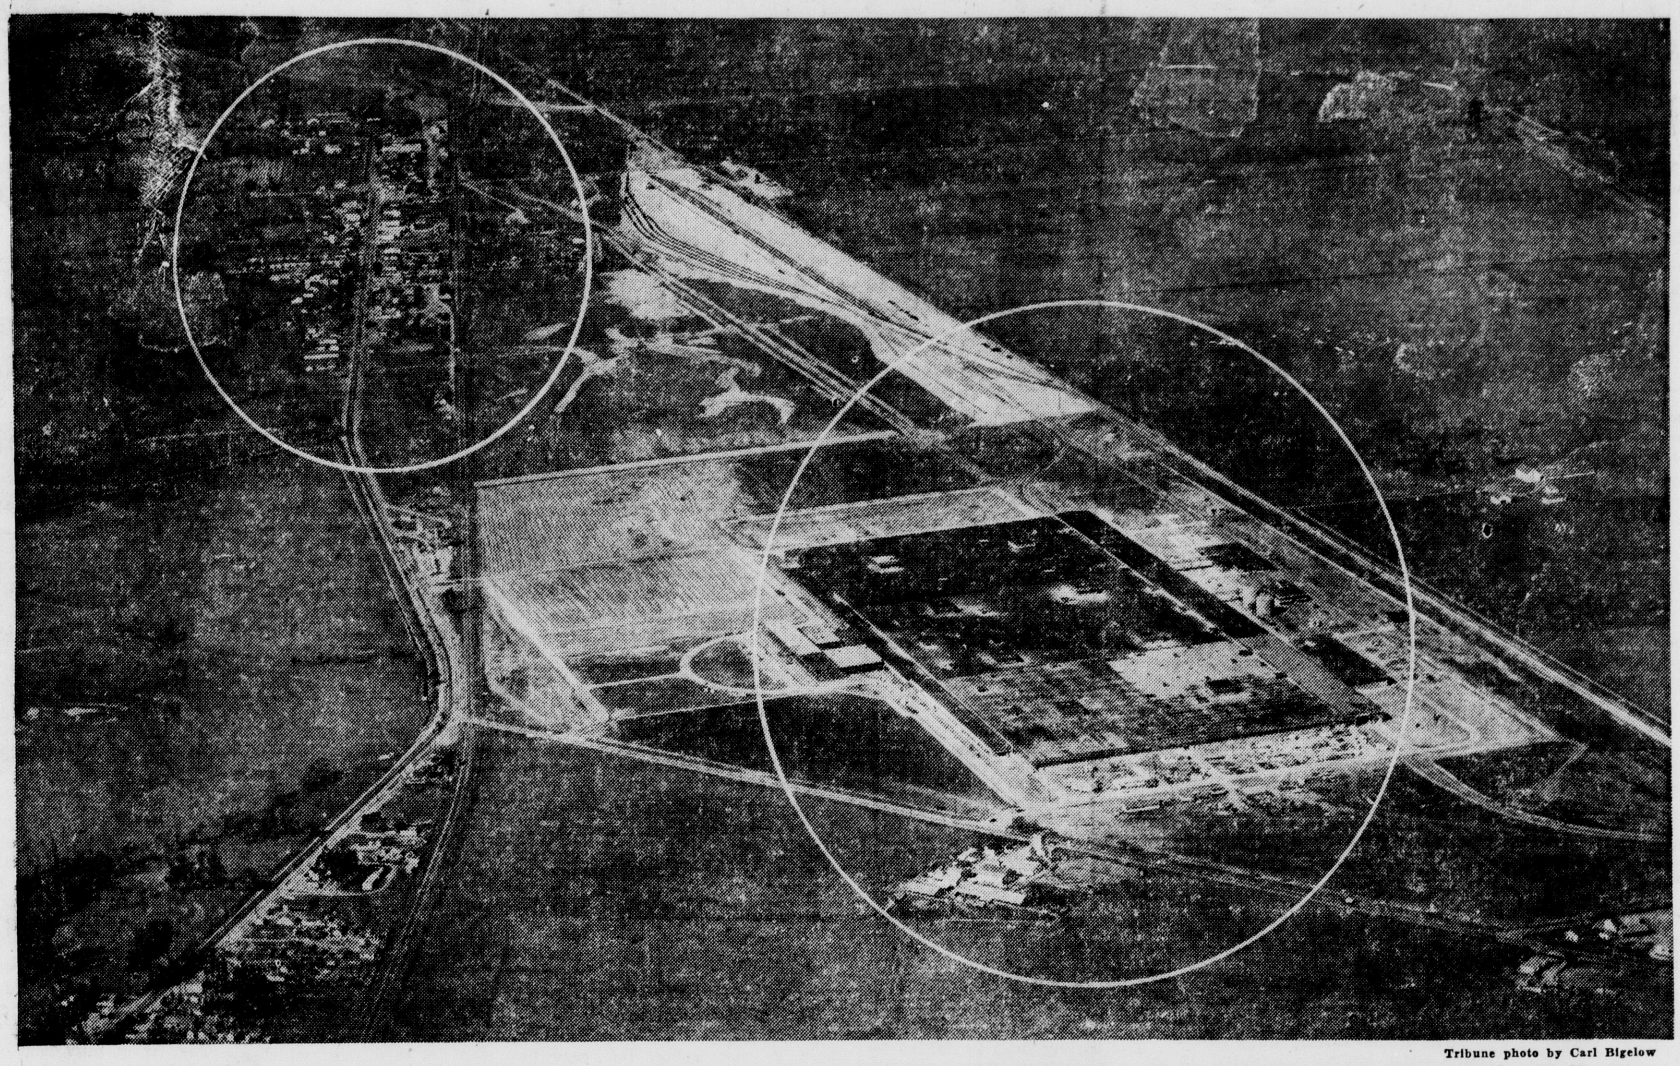
THE INDUSTRIAL AGE HITS MILPITAS



Tribune photo by Carl Bigelow

The 27-acre building of the Ford Motor Company's $35,000,000 assembly plant (lower circle) covers more area under a single roof than the central section of Milpitas (upper circle), which covers about 20 acres. The town's new borders include most of area shown, including Ford's triangular 100 acres and Western Pacific industrial sites.

Small Town Faces Big City Future

By GEORGE ROSS

MILPITAS, March 25.—Time, which has been standing still in Milpitas for decades, is threatening to run away with this brand new city (Pop. 834) before it can catch up with the Industrial Age.

Ford Motor Company's $35,000,000 assembly plant, more than three-quarters completed, is bringing with it a Pandora's Box of top-bin problems for a country town which became an incorporated city only two months ago and was glad to get a $5,000 gift from Ford to get its government started.

But the city's new administration is moving in fast to meet the imposing tasks of laying out a city to serve Ford's 4,000 to 5,000 employees—and who knows how many more?

HUGE BUILDING

The size of the city's problem is mirrored in the size of the sprawling Ford plant itself. The 27-acre automobile factory covers more area than is included in the city's business section, estimated at 20 acres.

By comparison to Ford's Richmond plant, Ford San Jose—as the company calls its new colossus—will have 1,500,000 square feet of factory space, Richmond has only 500,000.

Ford San Jose will produce, after reaching peak two-shift capacity, 880 passengers cars and trucks per day. Richmond, even under "forced draft" nine hour days, six days a week, peaked at about 338 units, runs off 300 in present eight hour operation.

Richmond employs 1,400 workers for eight hour shift production, while the new plant will have up to 5,000 men at work in two shifts under full operation.

But for all its bigness, the Ford plant is only the first of the industries Milpitas will soon embrace.

MORE INDUSTRIES

The Western Pacific Railroad Co., which sold Ford its 160-acre site and retained 1,000 additional acres for industrial sites, has already had more than 200 inquiries from a national advertising campaign to bring new industries to Milpitas.

One company, Globe Union, Inc., of Milwaukee, manufacturer of storage batteries, has purchased a six-acre site from Western Pacific and expects to begin building a western branch plant within two months.

Western Pacific itself has spent $1,200,000 on a 500-car switchyard next to the Ford plant to serve the automobile company and other industries.

G. H. Kneiss, assistant to the president, said the company's move is a "new departure" for the railroad, aimed to develop rail customers on existing rail facilities. The San Jose branch ties into Western's main line at Niles.

The Milpitas City Council, headed by Mayor Thomas P. Evatt who owns one of the town's two motels, has already appointed a city administrator, college-trained Warren E. Schmid, 24, and has engaged Nestor Barrett of San Jose as its planning consultant.

They've thrown a stopgap emergency zoning ordinance over the city's undeveloped acreage to hold off shanty construction pending developments of a complete city master plan and land use ordinances.

They've called for the part time city engineer to work out with county and state engineers and the planning consultant a network of streets and roads to handle the influx of new residents and commuters from San Jose, Santa Clara, Campbell, Centerville, Niles, Warm Springs and the surrounding growing countryside.

They've asked the State Division of Highways to work out access structures connecting with the new Eastshore Freeway to San Jose which forms the city's western boundary line and which opens to traffic in mid-summer.

"You can say we're sitting on a surf board waiting for a tidal wave to come in," Schmid said. "We're reasonably sure we can ride it."

The Ford plant itself is nearing crucial stages in its development. The last of the structural steel has been placed and the prefabricated concrete walls are nearly all up. Already the first of the automobile-building machinery has been moved into the vast plant, ready to be installed.

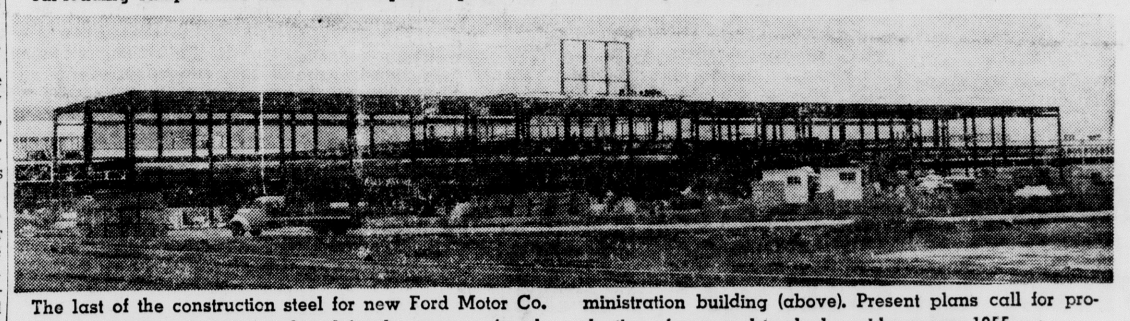
Irving Dworkin, Ford Division manufacturing engineer, and James J. Paye, plant engineer, are in Milpitas conferring with George Sweeney, resident engineer, and supervising installation of the processing equipment.

The company has set a mid-summer, 1955, target date for full production of Ford motor car and truck units off separate assembly lines. First operation of pilot plant equipment could come as early as November. Dates are subject to review and consideration of tooling needs for 1955 models changes, it is indicated.

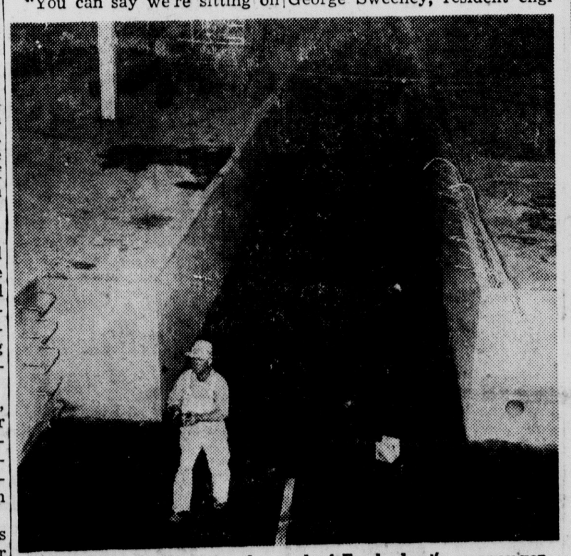
The factory, dwarfing the Richmond assembly plant, is a complete city within itself. It has eight electric power substations on the roof, will store 800,000 gallons of water in two tanks, taps a "big-inch" pipe line direct from Texas for natural gas, will generate steam power in four boilers set up in a utility room, and will take care of its employees with every modern safety device, a hospital equipped with X-ray and surgery facilities, and an "employees facility building" containing kitchens, cafeteria, lunch room, locker room and other facilities.

Everything about the new look for Milpitas is Big and New. Especially the challenge.

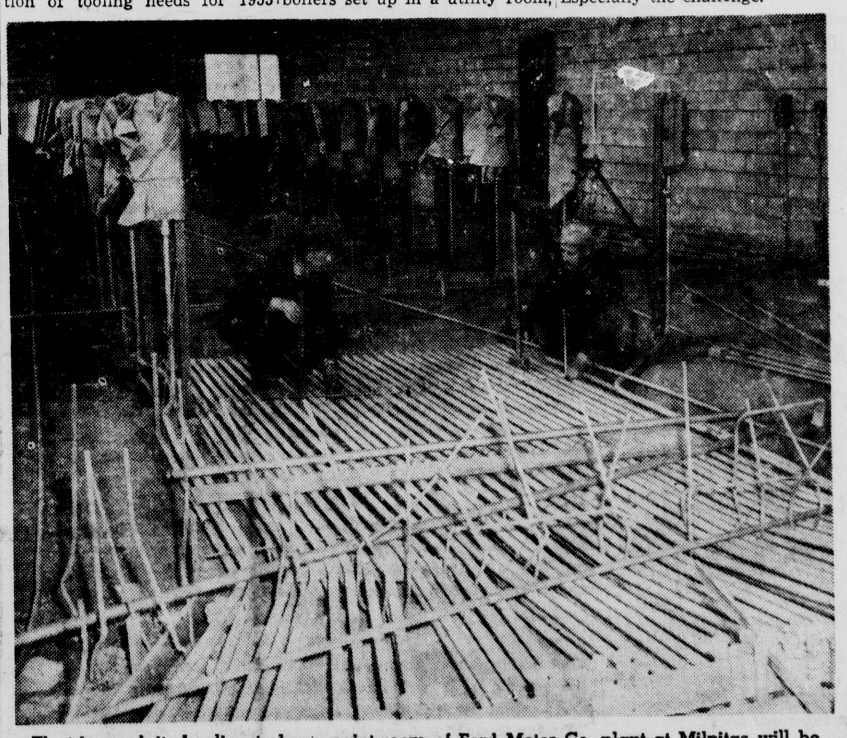
Western Pacific tracks split to right around both sides of car-loading ramp where some of Ford plant's peak 880-units-per-day output will be loaded out. Left trackage will bring 115 car loads of huge plant's supplies daily.



The last of the construction steel for new Ford Motor Co. plant at Milpitas has been placed for the company's administration building (above). Present plans call for production of cars and trucks by mid-summer, 1955.



This is the location for the end of Ford plant's passenger car assembly line at Milpitas. Plant will have peak of 4,000 to 5,000 employees, will be larger than Richmond Ford plant. Second assembly line will produce trucks.



Electric conduits leading to huge paint room of Ford Motor Co. plant at Milpitas will be under the concrete floor when army of workmen complete $35,000,000 factory

MR. AND MRS. JOHN TEDESCHI of Los Angeles are being entertained at the home of their daughter, Grace Caminada and family. The visitors arrived unexpectedly and are staying until Easter.

BARNARD PTA members recently donated refreshments to the Hayward Area USO where a large group of servicemen enjoyed the delicious sandwiches and cakes.

MRS. CECILIA GARCIA returned from a week stay in San Diego with her daughter, Mary Jane Carrero and family. She found her little granddaughter quite grown and enjoyed her visit with all very much.

ROSELYN and Eddie Delgado and Mary and Kenneth Garcia spent one Sunday in Santa Cruz recently. Since the weather was so nice all had a good time and enjoyed dinner there.

HOLY ROSARY GUILD held their meeting on April 6 with President Vivian Peixotto conducting the meeting. Acting secretary was Mary Janeiro. Volunteers to assist Stella Caldeira on the guild whist party will be Florence Wallace, Zelma Oliver and Minnie Shields. Zelma Oliver was nominated and elected vice president since the resignation of Eva O'Malia who has moved from the community. It was announced that the Co-ordinating Council would hold a meeting on April 19. The Recreation Club will hold their meeting on April 21 at the Decoto School. The public is invited. Zelma Oliver won the dime drive. Father Duggan showed a religious film.

HINTS FOR HOMEMAKERS

ADD LEISURE TIME TO LAUNDRY DAY

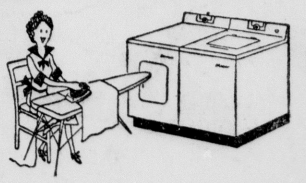
by the *General Electric Consumers Institute*

No other combination of modern appliances can beat the automatic washer and dryer when it comes to relieving today's busy homemaker of drudgery.

With a washer and dryer to do the family laundry for you, you'll have more time for other household tasks—and for yourself, according to the General Electric Consumers Institute. While the clothes are being washed and dried automatically, you're free to vacuum the house, cook dinner, prepare a casserole meal to be cooked and eaten the next day—or even sit down for a while and enjoy a favorite radio or TV program.

Incidentally, when you're replacing worn-out clothing or home furnishings, rely heavily on chenille, seersucker, corduroy or fabrics made of man-made fibers. Washed in an automatic washer and dried in a clothes dryer, most of these materials require little or no ironing.

Ironing, according to surveys made among homemakers, is the most disliked household task of all—probably because it takes so much time.



But you can make even ironing a pleasant business, if you follow a few simple rules.

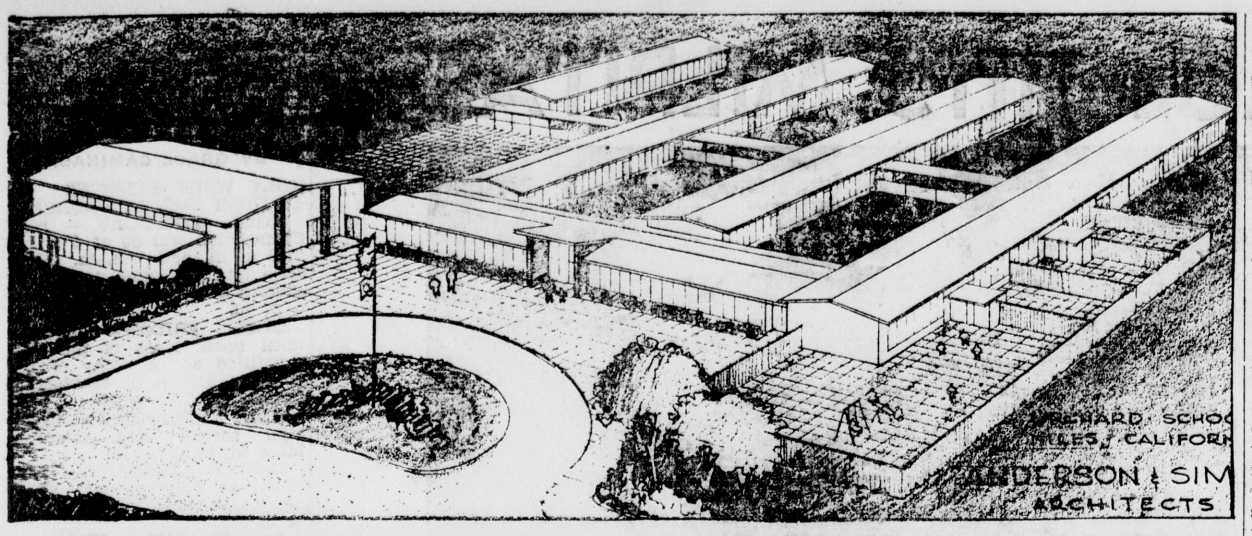
Make Ironing Easier

Using a bottle with a perforated metal top, sprinkle those clothes which must be ironed with warm water; warm water spreads more evenly than cold. Fold the garments loosely to discourage wrinkles, and wrap them in a plastic sheet or polyethylene bag to help distribute moisture evenly.

If you're interrupted and can't finish the ironing all at once, just put the bundle of dampened clothes in the refrigerator or freezer until you have more time. They will be safe from mildew for a week to 10 days!

Some homemakers—especially working wives—iron in the evening after dinner. They put their ironer or ironing board in the room which houses the TV set and manage to share an evening of entertainment with the family and get the ironing done at the same time.

If your ironing board is not adjustable to a sit-down height, use a high kitchen stool or chair and sit down to iron anyway. You'll save steps and help keep clothing wrinkle-free if you place a folding rack within arm's length for ironed clothes.



NEW SCHOOL—Work is expected to start within a few days on this 13-classroom school for Niles. School is located east of Ellsworth Orchard, will serve students east of Hayward Highway, and is slated to be ready by January 1 next year.

Newark Man Dies On Way To Hospital

Vester C. Scott, 65, of 662 Magnolia st., died of a heart attack in an Irvington doctor's office late last Thursday.

Scott was en route to the San Jose Hospital for treatment of a kidney ailment when he was suddenly stricken in the car in which he was traveling at Irvington.

He was the husband of Eva Pearl Scott and the father of Mrs. Pauline Galloway and Mrs. Mary Haynes, both of Newark, Mrs. Marie Pearson of Oklahoma, William E. Scott of Riverside, Horace H. Scott of San Pablo and James Scott of Hayward.

He was the brother of Asa Scott of Oklahoma and Mrs. Dixie Davenport of Texas. He is survived also by 13 grandchildren.

Scott was formerly employed in Richmond. Services were held in the Chapel of the Palms.

FLOOD BONDS GO TO B'K OF AMERICA

Almost $100,000 in Alameda County Flood Control District bonds were awarded last week to the Bank of America to finance three flood zone improvements, two of them in Washington Township.

The bonds will launch work in Zones 3-A, 4 and 6.

A county treasurer's office error caused the Board of Supervisors to first award a $600,000 bond sale issue in Zone 3-A to Schwabacher & Co., San Francisco investment house, but a recheck of figures in the treasurer's office caught the mistake in 15 minutes and the board rescinded its action and made the award to Bank of America.

Bank of America bid on a net interest cost of $287,771, or an average of 3.09, while Schwabacher had a net of $291,152 and a 3.13 interest average.

In Zone 4 on an issue of $90,000 the net interest is $52,143.50 or an average rate of 3.72, while in Zone 6 on a $300,000 issue the net interest will be $141,791 or a 3.049 rate.

Zone 3-A work covers major outlets and levees north and west of Alvarado.

Zone 4 projects are channels and pipes from Hesperian to the bay.

Zone 6 jobs are channel improvements at Irvington and channel construction at Warm Springs in connection with the Eastshore freeway.

District Engineer Herbert Crowle said that the funds will be available in May.

Golden Gate Park in San Francisco is one of the largest in the world.

THIRD OF BUDGET GOES FOR FOOD IN BAY AREA

It took almost 30 per cent of a San Francisco Bay Area wage earner's budget to feed his family of four in 1953.

This was one of many facts revealed in the family budgets priced last September, and published last week by the Heller Committee for Research in Social Economics on the Berkeley campusu, University of California—the first quantity and cost budgets the group has issued since 1949.

These budgets were compiled for two income levels: Wage earner families, with separate budgets for home owners and home renters, and salaried junior professional and executive families. For each group, the budget family consisted of four members, including a boy of 13 and a girl of 8.

The home-owning wage earner's total budget amounted to $5761.77, of which $608.69, or 10.6 per cent, went for federal and state income taxes, and $1619.48 was spent on food. Weekly, this amounted to $30.58 for meals eaten at home.

The salaried worker, with a total budget of $8073.27, spent proportionately less than the wage earner for food—slightly over one-fouurth of his budget, or $2039.05. These families spent $357.33 for food away from home, compared to $29 spent by wage earner families.

Housing — the next largest item on the Heller Committee budgets — accounted for 12.4 and 15 per cent, respectively, of the salaried worker and home-owning wage earner expenditures.

The committee's 1953 budgets were based on income and expenditure studiese made in the Bay Area in 1951, and on 1953 prices obtained in San Francisco, Oakland, Berkeley, San Mateo and Walnut Creek-Lafayette for the salaried worker, and San Francisco, Oakland, Richmond, San Leandro and South San Francisco for the wage earner. Previously, the budgets have been limited to studies and pricing in San Francisco alone.

WARM SPRINGS IN BID TO JOIN SEWER DISTRICT

Annexation of Warm Springs to the Irvington Sanitary District and a tentative zoning map were indorsed by the Chamber of Commerce last Thursday.

Harry Goodridge, engineer for the Irvington District, was requested to draw legal boundaries for the proposed annexation. This covers the area from the grammar school on the south to the intersection of the railroad tracks and Highway 17 on the north, and from the east end of Railroad avenue to the Irvington disposal plant.

If 75 per cent of the property owners sign the legal petition which will be circulated after the boundaries are established, the annexation can be accomplished without an election, Goodridge said.

The zoning map presented by Charles Venturi was generally approved with several areas undesignated.

President Bruce Michael instructed Mrs. Jessie Goossen, secretary, to write the Alameda County Planning Commission requesting that public hearings be held, preferably at Warm Springs.

Exports through the San Francisco Customs District in 1952 to Israel and Palestine were valued at $2,170,324.

Editor, Sir:

I do not agree with the discombobulated Democrats who want McCarthy and his tribe muzzled. In fact they look right silly as they go crying to Eisenhower to restrain this flying squadron of Republican Demo-baiters. (This does not include all Reps, of course.) In the first place Ike can't do it. Moreover, this a free country and everyone should have his freedom to speak protected — whether he talks sense or nonsense. And of course its an integral part of the good old American political tradition. Besides with such stupid generalities the Reps are broadcasting ("20 years of treason," etc.) plus their holier-than-thou attitude as they try to make the Demos the scapegoats for all the ills of the country—they are doing the Demos more good than harm. They are rallying and uniting them as nothing else could. They are making Demo votes. Let's let them talk. In fact, let's encourage them to do so. The innate good sense of the American people will assert itself in due time.

It is humorous — and rather pathetic—to watch the Rep Demo-Baiters grinding and regrinding what grist they can find for their political mill. If ever there was a case of "much ado about not much" this is it. They much prefer to live in the past rather than the present or future as they compass heaven and earth to find a pinko who can be blamed on the Demos. They remind me of the mythical bird which flew backwards as it didn't give a hoot about where it was going, but only wanted to see where it had been. Their confusion anent how to analyze the 2000-odd dismissals of undesirables from government positions makes one wonder what its all about. Apparently they wonder too. What they thought was a home run has apparently boomeranged back as a foul ball. However, they can now be encouraged a bit as Secy. Benson has seemingly found one real live commie in the bunch! They can't even agree on what might have had the semblance of one constructive piece of legislation — the Bricker amendment. In fact nobody even seems to know why we need it. Talk about straining at a gnat and swallowing a camel! With our country and the world facing monumental issues—such as mountains of surplus food in this country while half the world lives on a near-starvation level—this bombastic tribe of Reps sits off in a corner playing at their little games. McCarthy et al. are succeeding in mesmerizing a considerable section of our citizenry for a season, but it can't last. Now is the time for the Demos to show real statesmanship and win the following of the electorate. As a first step let them quit whining about the 'low blows' of the Reps and concentrate on giving the American people vigorous and intelligent leadership.

Editor, Sir:

For years the willow-the-wisp of getting something for nothing has haunted politicos in San Francisco. Time and again we hear about efforts to get our claws into the real estate comprised in the Presidio Military Reservation. It would be nice for us if we could get that valuable property for free, but no suggestion is offered that we buy it from the owners, we want it given to us.

The Presidio is not now in San Francisco and never has been. Also it is owned by the people of Houston or Duluth as much as by the people of San Francisco.

There is no doubt that a splendid residential area could be developed in the Presidio if it were turned over to the city. By the same token a fine lot of homes could be built in Golden Gate Park — and a hearty curse on anyone who suggests it.

The Army does not own the Presidio, it is the custodian of certain national property and has been since the United States acquired California. The National Government requires real estate all over the land, and the Army needs extensive areas to carry on its business. If San Francisco will provide equivalent acreage suitably situated the Army might make a deal and San Francisco would be in a better position for asking that the Presidio be deeded to the City.

Uncle Sam or Santa Claus, we would all like a nice present.

Assessor To Speak For Farm Center

The Eden-Washington Farm Center will meet at 8 p. m. next Tuesday to discuss the current property reappraisal program and to name new officers.

County Assessor Russell C. Horstmann will attend the meeting from Oakland to outline the reappraisal program, the first in the county's 100-year history, and to answer questions from the floor.

John A. Soito, center chairman, said new officers would be both nominated and elected prior to Horstmann's talk, which will be in the Washington Union High School cafeteria.

A large number of the center's 400 members are expected to attend the meeting to hear Horstmann detail the modernization of the Assessor's office.

HOSPITAL PLAN GOES TO STATE

Blueprints for Washington Township's $1,250,000 community hospital were delivered Monday to the State Department of Public Health at Sacramento for inspection and approval.

Bids for construction will be advertised early next month, L. S. Whitaker, board president, predicted today.

The 63-bed two-story reinforced concrete structure will be erected on a 10-acre site on Santos road.

Whitaker added that the Alameda County Planning Commission has promised to consult directors before zoning is decided. Industrial classification has been requested for the Stivers Ranch, next door.

The hospital is designed to accommodate an ultimate maximum of 200 beds through the addition of third and fourth floors, Whitaker said. Groundbreaking has been tentatively set for July and occupancy for January, 1956.

Whitaker also disclosed the directors have retained Max Gerfen, president of the State Association of Hospital Administrators, to advise them as construction proceeds.

Gerfen will serve for a nominal fee. He is administrator of the Sequoia Hospital in Redwood City.

The tiny ship, the Gjoa, in which Capt. Roald Amundsen pioneered the Northwest Passage, is preserved as a memorial in San Francisco's Golden Gate Park.

FACTS FOR 1954

In view of the charges and countercharges currently being made by the politicians regarding the economic outlook for 1954, it would be well to look at the facts. Perhaps the most respected political charge thus far made predicting a bleak outlook for the coming year has been made by Senator Douglas, Democrat from Illinois. His statement has received wide publicity because he was—prior to his entry into the political field—a university economist. Let's see what some others have to say about the future, however, before we climb into the storm cellar.

Fortunately, at year-end, the results of numerous surveys become available to the public. By putting all of these together, a fair concensus of economic thinking emerges.

NATIONAL PICTURE

The McGraw-Hill survey has long been a stand-by for those seeking to discover attitudes of businessmen for the ensuing year. The most recent returns from this survey show that investments in plant and equipment will probably decline eight per cent in the manufacturing field over 1953. No reduction at all is indicated for the utilities, while the overall decline indicates a drop of five per cent. Before accepting this as an indication of doom, however, remember that these declines are from the all-time highs established in 1953.

Autmobile manufacturers are anticipating that another five million cars can be sold next year. Construction authorities forsee a 1954 total only two per cent below the fantastic building level of 1953. Increased activity in the field of repair and remodeling of older homes may even bring total activity up to the 1953 level.

IN CALIFORNIA

Our own Bank of America has recently released the results of interviews conducted by its branch managers in all parts of California.

Here, the local results follow the national picture quite faithfully. In sum, the general view is that there will be a bit more "leveling off" but the total economic activity in California in 1954 will be very close to that of 1953.

The recent Farm Bureau Conference held at Stockton included a panel of experts who examined the marketing outlook for agriculture in 1954. They concluded that the outlook for fruits and nuts is more favorable than in 1953, particularly if we meet with any success at all in reopening more of our traditional European markets.

MORE ON AGRICULTURE

The cattle situation should improve, with cattle numbers staying about the same. The beef industry's promotional work on the "Eat More Beef" program has shown them—as well as other segments of agriculture—that there are self-help programs which can be of assistance in combatting farm surpluses.

Sugar beet producers can look for about the same picture in 1954 as in 1953, while the egg producers can probably look forward to a year equally as good as the banner year just closed. The dairymen have problems which may be very difficult to solve during the coming 12 months but they, too, are closely investigating ways and means for the industry itself to clear out the dairy products in the government warehouses. This is the word from these experts.

In short, 1954 will undoubtedly be a competitive year, with the efficient producer coming through

Even greater value from your telephone! That's the good news in the Congressional Bill reducing Federal Excise Taxes on April 1. The tax on long distance service was cut from 25% to 10%. And it means quite a saving. If you have a long distance bill of, say, $10.00 a month, on which you used to pay a tax of $2.50, you'll save $1.50 under the new tax rate. Taxes on your local service have been cut, too—from 15% to 10%. And, of course, every penny of the Federal Excise Tax reduction goes directly to you. **Pacific Telephone.**

Westvaco Man Gets N. Y. Post

Dr. C. Burk Miles has been appointed research director of the Westvaco Mineral Products Division of Food Machinery and Chemical Corporation as announced by W. N. Williams, president of the division.

Dr. Miles, a Utah University graduate, received his Ph. D. degree at Purdue in 1940. After research experience with Pennsylvania Salt Company, United States Ruubber Company and Magnolia Petroleum Company, he joined Westvaco in 1946.

For the past seven years he has been director of the Newark section of Westvaco research and development department.

He has been a resident of Redwood City and will move to the New York City area for his new responsibilities.

'Sabrina Fair' Is Curran Offering

"Sabrina Fair," Samuel Taylor's cheerful comedy which is playing to capacity business at the National Theater, New York, will have its West Coast counterpart open a four weeks' engagement at the Geary Theater in San Francisco next Monday night, April 19.

Starring in this delightful comedy are Wendell Corey, Diana Lynn and Estelle Winwood.

"Sabrina Fair" is Taylor's first original play. A Cinderella story of modern vintage, laid on the Long Island shore outside of New York, "Sabrina Fair" has proved a noteworthy addition to one of the best seasons New York has known in years.

The Lobero Theater in Santa Barbara, believed to be the first community theater in the United States, was opened in February, 1872, by an Italian tavern keeper, Jose Lobero.

Angel Island in San Francisco Bay contains 750 acres.

INGENIOUS—When Kraftile maintenance employes recently viewed film on lubrication, down-draft kiln was pressed into service as theater. Above at left are Pres. C. W. Kraft, Vice-pres. Les Alt, and Maint. Foreman Louis Flindt.—(WTN Photo).

MAKE 1954 CALIFORNIA'S SAFEST YEAR

A Proclamation

As we begin a new year, we in California have reason for very serious concern at the terrible cost of accidents during the past twelve months:

Traffic accidents killed more than 3,400 people in California in 1953.

Accidents in and around the home killed more than 2,900 people in California in 1953.

In view of these terrible losses and the vastly greater number of painful injuries, causing untold suffering and tragedy in our State, I, Goodwin J. Knight, Governor of California, do hereby urge that all Californians cooperate with the National Safety Council and other safety organizations in a concentrated effort to make the year 1954 CALIFORNIA'S SAFEST YEAR, and to make every community in our State a safe place to live, work and play

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 15th day of December, A.D., One Thousand Nine Hundred and Fifty-Three.

Goodwin J. Knight
Governor of California

ATTEST:
Secretary of State

Antone F. Silva, 85, Dies In Wm. Springs

Antone Francis Silva, 85, died at his home in Warm Springs last Thursday.

He was the husband of Louisa DeGloria Silva and the father of Antone F. Jr. of Hayward; Mrs. Joseph Sequeira of Bellflower, Mrs. Joseph Rogers of Campbell, Joseph T. of Warm Springs, Mrs. Fred Clamp of San Jose and the late Rosa Serpa. He is survived by 11 grandchildren and four great-grandchildren.

Services were conducted from the Berge Mortuary. Mass was recited at St. Joseph's Church.

AT IWO LANDINGS

Marine Pfc. Marion V. Hermoso, son of Mr. and Mrs. Vincent Hermoso of Newark, landed on Iwo Jima with the Third Marine Division during the recent "Operation Flag Hoist."

Nine years and a month after the first landing, the marines came through the surf and dug out a "beachhead" in the familiar volcanic ash, amid ruins of World War II.
